DESCRIPTION

This webinar will offer risk managers, OB nurses, physicians/APPs and other OB team members a strategy to improve recognition of and timely response to postpartum complications, and strategies to improve documentation and defensibility of obstetric-related claims.

OBJECTIVES

- Enhance early recognition and response to postpartum complications to improve maternal outcomes and reduce morbidity.
- Promote hospital and community adoption of the Post-Birth Alert Orange Bracelet Program.
- Implement documentation strategies to enhance case defensibility.
- Describe the impact of audit trails on litigation.
