

340B
SAVES LIVES

CELEBRATING THE IMPACT OF 340B ON OUR COMMUNITIES

FEBRUARY 1, 2026
3:00 P.M.

3401 West Roosevelt Road
Chicago, IL 60624

**HOSTED BY HEALTH CARE AND COMMUNITY LEADERS
FROM ACROSS ILLINOIS**

The 340B program has had a deep impact on community residents — saving lives, empowering patients to take control of their health, and allowing people the dignity to not make difficult choices between necessities like rent and food over lifesaving medications.

Join health care and community leaders from across the state as we celebrate the 340B program and come together during this critical time when costs are rising, vital resources are being cut, and area residents need more support now than ever. Community health centers and hospitals are united in their missions and are excited to share real stories of patients served, communities strengthened, and lives changed.

**THE TIME IS NOW TO CELEBRATE AND PROTECT
THIS VITAL PROGRAM FOR OUR COMMUNITIES.**
