Conducting Patient Safety Activities  
Across a Health System and  
Case Law Update****Wednesday, May 20, 2026 – 10:00 - 11:00 am**

Join this informational event, IHA and MAPS: Conducting Patient Safety Activities Across a Health System and Case Law Update. This is a great opportunity to learn about how state privilege laws and the Patient Safety and Quality Improvement Act (PSQIA) protect — and sometimes don't protect — patient safety activities. Review key case law and understand how to align policies and practices to strengthen protections for Patient Safety Work Product (PSWP.) Invite your organization's internal and external legal counsel, risk management teams, quality/patient safety professionals, and more.

This webinar is complimentary to all IHA members. Whether you are a member of a patient safety organization (PSO) or not, it is important to understand the nuances of what is protected under PSO federal protections.

**Who should attend?**

- In-house legal counsel
- External legal counsel
- Directors of risk management
- Directors of patient safety and quality

**Nurse CE Credit**

The Illinois Health and Hospital Association (IHA) is authorized by the State of Illinois Department of Financial and Professional Regulation (license number 236.000109) to award up to 1.0 hours of nurse continuing education credit for this program.

The Board has approved this course for 0.75 Illinois MCLE general credit hours.

**Collaborate, Educate & Strategize!**

Don't miss this opportunity to learn more about these important issues and earn nurse CE and legal CLE credits. The program is sponsored by IHA and hosted by MAPS PSO. It is complimentary to all IHA and MAPS members and to the counsel representing them.
