Resource for New Signage Requirement for Hospital Emergency Departments

Several members have contacted IHA seeking a template or suggested language for the signage to comply with <u>PA 101-0117</u>, which requires hospitals to post, in its hospital emergency department, an informational notice of how to enroll in health insurance through the Illinois health insurance marketplace. A member hospital has graciously permitted IHA to share its signage resource as a sample for other hospitals to use, if needed. The sample can be found <u>here</u>.

As a reminder, the IHA Legal Department maintains a resource on the <u>IHA website</u> of <u>federal</u> and <u>state</u> signage and <u>notice</u> requirements for hospitals.
